As a service, we recognise the demands schools are under to meeting the ever challenging and complex needs of pupils with SEND. We want to offer additional support and training so we can together ensure our SEND pupils thrive.

Our training is suitable for all school staff – please note only two representatives from each school can book onto one course.

We are passionate about the Social Model of Disability and all our training compliments current researched approaches.

**“If a child cannot learn the way we teach, then we will teach the way they learn”**
