

## What is Forge CPD?

Forge CPD is a one stop shop of resources for all members of the school community. We are a non-profit making organisation, which brings together high-quality training resources for teachers, support staff and governors from a wide range of partners across South Yorkshire and beyond. We also create our own content in partnership with local experts.

## What are the aims of Forge CPD?

- To enable schools to make informed choices about CPD that suit their context and priorities
- To promote collaboration across the school system
- To support schools to use technology to create flexible and bespoke delivery of CPD for all staff to be used at any time, in any place

## How are resources organised?

There are resources on the curriculum, inclusion, governance, pedagogy as well as safeguarding, finance, HR (all under compliance) and career pathways for staff. Click on each tab to explore what is available. New material is always placed at the top of a page or section.

## What kind of materials can I find?

There is a range of materials on the platform from partners such as Fusion SEND hub, Forge CPD, Rotherham School Improvement Service, Chiltern Teaching School, Mary Myatt and Tom Sherrington.

Our priorities this year are to support the development of;

- Reading including Reading for Pleasure
- Curriculum design
- EYFS
- Leadership

## South Yorkshire Reading Guarantee

On this page you will find a series of bite sized videos on reading for pleasure which can be easily used for staff training, this wealth of materials are made by St. Wilfrid's English hub in partnership with Professor Teresa Cremin. Click on the Reading Challenge icon at the top and the bottom of the page to access these resources.

## Where can I find training on safeguarding?

The Safeguarding page can be accessed through the Compliance tab or directly from the home page.

The page has short training videos made by Forge CPD which can be used by teaching, support and administrative staff as well as governors, also holding the latest information about Ofsted inspections.

## How often is the site updated?

The site, just like all things in the education world, will never be finished. We aim to review all pages once a term. Any updates are posted on the home page which we tweet out to schools.

## Do I need a password to access the central platform?

At the moment, you don't need a password to access the site. It will be password protected in the future but at the moment we feel that it is important that schools are able to use the site and give us feedback
