

Study the picture on the other sheet and write down all the hazards you can find. For each hazard you discover, explain how you think the situation could be made safer. The first one has been done for you.

Hazard	Why is this dangerous?	How can this behaviour be made safe?
1	There is a black and white chequered flag flying which means he should not be swimming here as it is an area dedicated to surfers and other non-motorised water crafts.	He should swim in the section of water marked by the red and yellow flag.
